LOCAL BREVITIES.

Huckleberries. And still it rains. Brown has a new ad. And soon the eagle will scream. The small boy is talking fire crackers. Fireworks, flags and bunting of all kinds at Lopez's.

County court meets in adjourned term next Monday. Meeting of Business Men's League Thursday night. Several weddings spoken of for the summer or early fall.

Our Arcadia friends are arranging for a big time July 4th. The latter part of last week the nights were positively cold.

The official statement of the Iron County Bank is printed this week. The bicycle is becoming quite popular with the valley youth again.

For Rent—A furnished cottage, Apply to Mrs. A. C. Lindsay, Ironton, Mo.

David Kendall is putting in the grand old walks in front of Mrs. Clark's property.

Quite a bunch of horses are in training at the Iron Mountain track this summer.

Work has commenced on the new dining room and kitchen at "Epworth Among the Hills."

NOTICE—Some big 4th July bargains in Shoes, Clothing, Underwear, Hats, Etc., at B. N. Brown's.

At the call of a sister living there, Mrs. T. J. St. Louis left for Indianapolis last Monday. Her many friends here hope for her early return.

A party of about fifty people are expected here in automobiles from St. Francis county the last of the week to spend a couple of days at the Country Club.

Indications are, we are told, for the biggest attendance in the history of the Assembly when the Missouri Baptists meet on Arcadia Heights in August.

Four tons of copper wire to be used in our electric light plant was received last week. We trust the work of putting in the plant will now proceed without delay.

F. A. Twomey has purchased from J. M. Hawkins the lot on Shepherd street north of what is known as the Marks place. Mr. Twomey expects to build a residence.

The Arcadia hotel situation seems to be: all ready to start work as soon as some one can be found to put up the necessary cash. It is to be hoped it will soon be forthcoming.

MADIGAN says: Every statement we make about our goods is carefully WEIGHED. Come in and talk to us about the WONDER ice cream FREEZER. They make the kids Happy.

Jim Poland, editor of The Arcadian, a St. Louis magazine devoted to boosting the Ozarks, was a valley visitor last week. He is a very pleasant gentleman and we are always glad to see him.

The Arcadia Valley Base Ball Club went to Bismarck Sunday afternoon and won out this time by a score of 11 to 5. Our boys seem to be winners this season. They play at Potosi next Sunday.

Flat River consumes between 12 and 15 cars of beer per week, each car worth about \$500. That means \$6,000 a week, or a little more than \$300,000 each year. Did you get that?—Lead Belt News.

Parties desiring positions as waitresses or farmers who have vegetables and products to sell for use during the M. E. Encampment in Arcadia will apply at once to O. L. Yount, east of Ironton.

The State Board of Horticulture announces that Missouri will have plenty of apples this year. The condition of the trees is much better than last year and the crop will be fairly uniform throughout the state.

Mr. W. H. Shelby, who formerly lived in Ironton, some time since, we understand, disposed of his interest in the Friedman-Shelby Shoe Company, St. Louis, and is now connected with the Peters Shoe Company.

Thos. LeMasters, one of the oldest passenger conductors on the Iron Mountain, has been transferred from the main line to the Potosi Branch. Mr. LeMasters' hearing has become defective and the change was ordered.

Dr. Hugo Summa sends us cards the past week from San Jose and Del Monte, California. Notwithstanding they are having a very delightful trip and the Golden State is very beautiful, the Dr. writes, "We think of Arcadia and our friends there."

We understand that the preliminary plans for a modern one-hundred room hotel, to be located on the Emerson park premises, are well under way. These include the acquisition of about seventy-five acres adjoining for lake and golf purposes.

Our mighty good friend, Judge John W. Alcorn, who is now located near Leesterville in Reynolds county, sends us a very pleasing letter. He says to tell all the Democrats to get ready for the post-offices. They are certain to be ours after the 4th of March next.

A party of fishermen at the Silver Mine dam recently caught four genuine mountain trout. They were the real article, no doubt about it, we are informed. It is a very rare fish hereabouts and the anglers are conjecturing as to where these four came from.

Hon. W. S. Cowherd, candidate for the Democratic nomination for Governor, will address the voters of Iron County in the courthouse, Ironton, Tuesday evening, July 9, at 7:30 o'clock. Mr. Cowherd is one of the greatest orators in the nation. Turn out and hear him.

The Holiness people are arranging for a Big Camp Meeting at Annapolis, this county, July 5-18. Rev. A. Jefferies, of Peniel, Texas, will do the preaching. He is a great revivalist and great orator. Free entertainment for all workers and preachers. Everybody invited.

Mr. and Mrs. S. J. Malugen went to Arcadia Sunday to attend the graduation of their daughter Kathline at the Arcadia College, Monday. Mr. Malugen returned to Greenville Tuesday while Mrs. Malugen and Kathline are visiting in Fredericktown.—Wayne County Journal.

Mr. W. W. Nall, of St. Louis, has leased Mr. Thomson's "Valley Home" in Arcadia for summer, and will occupy the same during the heated term. Mr. Nall and his family will arrive Thursday. Old friends are delighted to have them in the valley again, even if only for a short time.

Mr. W. H. Smollinger now has his residence in Iron Mountain lighted by electricity. It is said that Mr. Smollinger is thinking seriously of building a large hotel and transforming the lake and surrounding property into a summer resort. An ideal location for such a proposition.

Prof. R. E. Wilkinson and family arrived in the valley from Upper Alton, Illinois, last Wednesday evening. Mr. Wilkinson tells us that the school has had a most successful year, and an addition, to cost \$50,000, is now in course of construction, to accommodate the increased attendance looked for this fall. Bob will go on the road in the interest of the school July 10th. Mrs. Wilkinson and the daughter and son will remain in the valley during the summer.

The stonecutters at the quarries have been on a strike since the first of the month because of some disagreement as to the scale. It is thought matters will be adjusted in a few days, now. It is said that some disagreement with the quarry men will probably take place soon.

The libel suit of County Treasurer Thos. D. Jones against Fuller Swift, erstwhile editor of the Arcadia Valley Enterprise and pastor of the First Baptist Church, Ironton, will be called for trial in the Ripley County circuit court at Doniphan Friday of this week. The case will probably go to trial.

Mrs. M. Bradley is certainly to be commended and congratulated for sowing the embankment leading to the granitoid walk in front of her residence on north Main street. It makes the walk the most attractive appearing one in town. We hope to see other folk follow Mrs. Bradley's good example.

The Bellevue and Graniteville base ball teams crossed bats at Graniteville Sunday afternoon. The score was 12-0, in favor of Bellevue. Bellevue battery, Warren and Paulus; Graniteville, Vigneaux, Broomfield and Clinton. Feature of the game was the pitching of Warren, who struck out 18 men.

The Ursuline Sisters Convent at Arcadia celebrated their annual reunion of alumni on Monday. A large number of graduates from this county attended, among them being Mesdames W. L. Townsend, Duncan Frost, Mildred Graf and Misses Ernest Shaefer, Frances Miller and Kate Brierton all of Festus.—Hillsboro Republican.

The prognostications of the wise guys who insisted that Mine La Motte was closed down for good and all, still have another guess coming. The mine started to work again this week. A notice was posted the last of last week that all who wanted to work could get employment by applying at the office. We understand that for a short while only one shift will be worked, owing to a shortage on men, but that a full force will be put on in a few weeks. But then, you never can tell about old Mine La Motte.—Fredericktown Democrat-News.

Alberta Claire, "the girl from Wyoming," completed her 10,000 mile horseback journey on June 10, riding into Atlantic City, New Jersey, on that date, entering the surf on the back of her mustang, "Bud," at Tennessee avenue, while thousands watched her from the Board Walk. She had been on the road since September 10, last, when she left her home at Sheridan, Wyoming. With her at the finish was "Dixie," the dog that trotted behind her the entire trip. Miss Claire passed through Ironton on her way east, February 9th, and ate dinner here that day.

Otto Thomas was here from Granite City last week and made a contract with the Methodist folk to have charge of the restaurant at "Epworth Among the Hills," during the Encampment, July 24th-August 4th. The price for breakfast and supper will be 25c each. Dinner, 30c. Short orders will be filled at popular prices. Mr. Thomas is an experienced caterer and he promises to give the best of satisfaction. He is now negotiating with the Baptist people and hopes to secure the catering privileges on Arcadia Heights while the Assembly is in session in August. Mr. O. L. Yount will be associated with Mr. Thomas.

The heavy rainstorm of Sunday night sent Flat River rushing out of its banks. It seemed to reach its highest stage at Elvine, where it also did the most damage. Many old residents of Elvine say that the river was the highest in its history. Others claim that it reached the highest water mark since 1907.

Dwellings and business houses along the river bank were flooded and much damage was done to household furniture. The Riverside Hotel, Master's store and Mrs. Dinwiddie's residence on the east side probably suffered the most damage. Other residences in the river bottom were flooded. Two or three families were rescued by parties going to their aid on horses.—Farmington News.

A monster catfish, caught at Hodge's Ferry last night by C. M. Davis, was brought to this city this morning, still alive, and sold to Attorney David W. Hill. It weighed 64 pounds, the fish being placed on the scales in the presence of a number of persons. The river "whale" was captured on a trot-line and David had his hands full trying to land it. The fish was in fine shape when it reached this place today and it was so heavy that David hired a dory to have it carted to the Hill residence on Cynthia street. This is the third tremendous fish caught in waters of this country in the last few days. Scores of other very large ones have been captured but their weight has been in the neighborhood of only twenty or twenty-five pounds, so little attention has been paid them.—Poplar Bluff Republican.

In answering the question, "If a man dies shall he live again?" an exchange quotes the following extract on the subject from one of the late Senator Bob Taylor's addresses who said: The flowers of the field rising from countless graves, the unfolding leaves of the forest heralding the approach of summer, the orchards and the meadow bursting into bloom and myriads of winged minstrels filling the world with melody are all the evangelists of the Lord, demonstrating before our eyes the universal victory of life over death. Look how the rose hears the far away call of the sun and blushes in presence of its God. Look how the violet comes forth from its tomb and opens its glad blue eyes to greet the spring. Are they not

God's own answer to the question, "If a man dies shall he live again?" If the germ of immortality buried beneath the sod, so surely respond to the silent command of summer who can doubt that man shall spring up out of the unconscious dust to eternal life when God shall call? Can it be that the grass and the flowers are resurrected from the sod of the earth, while man for whom they were made, must sleep forever?

Messrs. Taylor and Cozine have a crew of men floating piling down West Fork this week. When the piling arrives at the Three Forks the timbers will be made into rafts and taken down Big Black to Clearwater, where the piling will be loaded on Iron Mountain cars and shipped south. The recent "rise" in the West Fork makes the job of floating piling no easy one. This was the finest piling we ever saw. It was perfectly straight and had no knots or other defects. They were first-class in every particular. In fact, the Moss tie people do not make anything but a first-class article. The company has about 100,000 crosses tied on Middle Fork and about the same number on West Fork, which, we are formed, they will float down the two streams in the course of two or three weeks. The ties will be thrown in the river and floated near Leesterville, where they will be "nailed in" and rafted down to Clearwater, whence they will be loaded on the cars. While the company has probably made a great deal of money out of its timber here, it has lost thousands of dollars as well. At least a third of their timber is wasted and lost on account of no railroad, no market. Had there been a railroad running into this section since the Moss Tie Company began business here, they would have saved many thousands of dollars. If the timber wasted could have been marketed the amount would go far toward building a line from here to the Iron Mountain railroad. A road from this section to the Iron Mountain, taking everything into consideration, would certainly be a paying proposition.—Centerville Outlook.

The Business Men's meeting at the four house last Thursday evening was well attended and was made interesting by the short talks of a number present. The Shepherd road was up for discussion and the committee was empowered to expend the \$625 of this fund under supervision of some competent road builder, if for any reason the contract for the building of same could not be signed at once. The report of President Tauernicht showed that about \$200 had already been expended in fencing the right of way and acquiring part of an acre necessary therefor. Now let the committee get busy. A nominating committee, composed of Chas. Newman, chairman, Eli D. Ake, Price Ringo, W. T. Gay, Fred Kindell, Jr., and Chas. Tual, was appointed by the President for the purpose of nominating the League officers for the coming year, and to report at the next regular meeting of the League. All back dues are to be remitted to the members who pay the first quarter of the new year in advance. The year begins June 27, 1912. Mann Ringo, Aug. Schwab, and Harry Jones were appointed as a committee to expend up to \$50 in fixing up roadways between Pilot Knob and Ironton, and to have the loose rock raked from the road between Arcadia and the Shut-In. The suggestion that all attend the 4th of July picnic given by Arcadia, was heartily approved. Lights and a walk between Ironton and Arcadia was discussed by the members, but no action was then decided upon. The next meeting was set for the last Thursday in this month, June 27th, at 7:30 p. m. You are missing a great deal of pleasure by not attending the League meetings and entering into the discussions that are of interest to all. M. M. YORK, Sec'y.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. HALL'S CATARRH CURE. Sold by Druggists, etc. "Take Hall's Family Pills for constipation."

"Isaac" and the Piedmont Editor.

"Isaac," our Des Arc correspondent, sometimes writes letters to the Piedmont Banner. He recently sent a clipping from the REGISTER, favorable to Major for Governor, to the Banner for publication and the editor refused to print it, writing Mr. Fitz the following letter:

PIEDMONT, MO., JUNE 24, 1912. MR. FITZ—Dear Sir: I return clipping and beg to state that I have never permitted any one, other than myself, to advocate the claims of a candidate, through the columns of the Banner.

I am for Cowherd for Governor and it would be foolish to publish a boost for another candidate. Politics and religion are barred, except from my own pen.

Yours truly, E. C. WATERMAN.

The letter is published at Mr. Fitz's request.

Arcadia Picnic.

Have you heard about the picnic, in Arcadia on Fourth of July, and about the great barbecue, that we'll have in the near by and bye? The hills are scattered far and wide, Tacked to every fence and post, Next time when you're passing, Look at the times we boast.

Of course, there'll be music and dancing, And all your heart can desire, Come and lay your dinner, Of the day you'll never tire.

And all the money that you spend, Will go to light the street, We'll turn the night time into day, So you'll know with whom you meet.

There will be lots of visitors, From St. Louis and round about, So, Arcadians, cut your weeds down, And do not let them sprout.

And another favor, that we ask, That we know you'll surely grant, Keep up all your cows and pigs, Now do not say, "I can't."

All the town is helping To make this a great success, So come and bring your family, And enjoy the day with zest.

And, ladies, do not bake your cakes, Because we'll have plenty there, Come and buy the home-made treats, Such good ones are most rare.

The Orchestra and band will play, And there's a baseball game at two, So do not miss this day of days, Whatever else you do.

Never were such prospects for good crops. Still wheat and flour are high.

Well, I want to say something about this drinking cupful. I was walking along the railroad, near Annapolis, last week. I saw, at least, thirty men drinking water out of a water keg, all using one cup. They were all fat and healthy men, living on corn bread and bacon. You know I think this drinking cup business is a fake. You can find lots of men over 70 years old who were not subject to this drinking cup business. Our fathers and grandfathers never used them. I was at the Bismarck Hotel last week, and there was no drinking cup, towel or soap. Now this is all uncalled for. When a man arrives in a hotel, of course, he wants to wash. Now, in order to wash, you have to pay for a room.

here from their mill Saturday. They came for a short visit with their mother.

Miss Lena Beane is visiting her uncle, Green Brooks. She spent the winter in Fort Worth, Texas, attending school and visiting relatives.

Misses Ora Lovelace and Stella Reed have returned home from Piedmont, where they were assisting Rev. Seals in a tent meeting for the past three weeks.

Henry Tucker has moved the telephone to his residence, so we now have night service, which is a great convenience. He recently purchased Rev. W. W. Strother's residence.

Orville Reed has been employed to teach the Sabula school. Wm. Loyd has moved his family to Des Arc from Pevely.

Geo. Smith is in town from Bismarck. John Rubie and Marshall Stevenson were in Ironton one day last week.

Prof. London went to Annapolis Sunday to conduct services.

Annapolis News.

Weather cool. Lots of rain the past week and ground just now getting dry enough to plow.

We are having quite a meeting here. Brother Seal of Des Arc and Dr. O'Bannon of Annapolis in charge. Bro. Hale, a Baptist minister, will fill the pulpit the rest of the week.

A few bluffs at fighting the past week, but no one badly hurt. One bluff run on C. E. Bolch in his store by a stranger. Nothing serious resulted.

Gus Funk has his wheat in the shock, but it was cut wet and is in danger of spoiling. He had a fine yield.

Potatoes never looked better and the huckleberries are most plentiful and fine. Where the woods have not been burned the past two years the bushes are weighted to the ground with ripe and green berries, and there are lots of women picking berries.

B. F. Engledow, candidate for Sheriff, is in town Friday. James Kitchell and family of Bonham, Texas, who were expected here last week, did not get to make the trip because one of the little boys ran a piece of rusty iron in one of his legs, above the knee, and it is feared blood poison will result.

Mrs. Nathan Sutton, Jr., is on the sick list to-day.

The Chicago convention has nominated Taft. Bryan is the man the Democrats should nominate.

The railroad is being put in tip-top shape here.

Mrs. H. N. Loyd and family are visiting relatives at Carthage, Mo. Mr. Loyd accompanied them as far as St. Louis.

Walter Fitz was in town last week. He is trying to stir the boys up and get them out to the polls at the primary election.

Squire Kitchell went out in the woods yesterday for about two hours and brought in a half gallon of huckleberries.

Joseph Brawley is in town this morning on his way to see his son, Thomas, and family, at Des Arc.

Rev. C. M. Wallis of Williams-ville is in town this morning on his way home from the Mann settlement on Black river, where he preaches to the good Baptist people.

John Brewer, who is running a pump at Mineral Point, was home the last of the week.

A. Reese and Warner are doing a large mercantile business. Mr. Warner is at present sick at his home in Redford. His son is in the store in his absence.

Chas. Reynolds is clerking and receiving time for C. E. Bolch.

I was sorry to hear of the murder at Iron Mountain. I was married there in 1885. There were probably a thousand men employed there then, and during the four years I lived there but one man was killed, and his head was cut off by the cars.

Lots of fruit and vegetable trains going through here every day.

What is the matter with the candidates for Sheriff in the Republican ticket? None except D. A. Worley have been here to look after their interests. He lives here and will be apt to get a good vote at this precinct.

Vacation Days Are Here.

Almost everyone is planning a trip somewhere this summer, extending from a short jaunt of a few days to a tour of the Continent and weeks of travel. If you have not definitely decided upon where you will go, you should by all means secure as once some of the handsome vacation literature issued by the Missouri Pacific-Iron Mountain. A series of four very interesting publications are being distributed by these lines, and the agent at this point has been furnished with a limited number of copies for those in this vicinity who expect to go away.
